

Science

After a term of learning about seeds, plants and gardens, we decided to end the term with a mural of the children's choice. We decided we wanted to create an imaginary garden. Individually we drew a picture of what we would like to see in our imaginary garden mural with Mrs Walton. With the help of Mrs Mitchell and Mrs Keeffe we have enjoyed painting our ideas in our imaginary garden, which we will put for everyone to see in our playground. It looks beautiful!
