1. **Rationale**

Catholic education and care communities recognise Jesus as their ultimate Head. His Gospel will be the basis for a shared outlook on life. The curriculum in a Catholic education and care community is distinctive in the way Gospel values are integrated into all aspects of life (Mandate, para 87).

Curriculum is dynamic and includes all the learning experiences, both planned and unplanned. It encompasses the learning environment, teaching methods, the resources, provided by schools and early learning and care centres to facilitate the learning of students and young children, assessment, the school ethos and the ways in which students and young children and staff behave towards one another.

3. **Scope**

This policy applies to all Catholic schools and early learning and care centres in Western Australia.
